Ridges (Standard)	122 mm
Ridges (K Version)	101 mm
λ mW / m °C	<0.022
K Watt / m °C	0.50
I (ISO 717) Soundproof Index (dB)	25

Panel weight is for indication purposes only. Due to the typical tolerances getted during the several steps of the panels components manufacturing process, variations in the final weight of the panel can be found. For this reason and in accordance with the industrial "Best Practices", Tecsedo recommends to weigh the panels before using them for each door assembly, in order to choose the most suitable springs.
